

## USB VIDEO BAR BUILT FOR SMALL ROOMS AND BIG IDEAS

### **BENEFITS**

- You've never heard a USB video bar sound this good—Poly Studio has the absolute best audio quality and voice clarity in its class
- Distracting sounds are eliminated by our patented NoiseBlock technology—and this is the only USB video bar that does it
- Be more productive on both ends of your video conference with a smart camera that automatically frames the room or tracks the person speaking for deeper engagement
- Eliminate “sneakernet” with centralized management, enabling high-scale deployments without added burden on IT

### **POLY STUDIO**

Meet Poly Studio, the premium USB video bar built for small rooms and big ideas. Delivering the best audio quality in its class, it blocks distracting sounds that can interrupt meetings. Teams on both ends of the call catch every word. With group framing and automatic speaker tracking, the connection feels personal. They see all the important details, too—right down to body language and facial expressions. Easy to manage? Of course. The cloud-based management tools let IT push software updates and make settings changes without ever leaving their desk. Poly Studio. The shortcut to better huddle room collaboration.

- Acoustic Fence keeps voices outside the room from interrupting your calls
- Up to 3.7 m/12 ft microphone pickup range
- Smart-camera experiences are built in—no drivers or software needed
- Centralized management enables high-scale deployments
- Works with nearly any video platform

  - Cisco Webex®
  - VidyoDesktop™
  - Polycom RealPresence Desktop

### SECURITY

- 802.1x support
- Certification management

### MANAGEABILITY (VIA WI-FI)

- Polycom Companion App (running on Win/Mac PC connected to device)
- Polycom RealPresence Resource Manager
- Polycom Device Management Service

### WARRANTY INFORMATION

- 1-year limited hardware warranty

### COUNTRY OF ORIGIN

- Laos

### ENVIRONMENTAL

- Operating temperature: 32-104°F (0-40°C)
- Relative humidity: 5-95%, noncondensing
- Storage temperature: -13-160°F (-25°-70°C)

## MOBILE PHONE STATION FOR COLLABORATION

### **BENEFITS**

- Empower your mobile-first users by transforming their smartphone into a desktop collaboration tool
- Give users freedom of choice—compatible with iOS and Android smartphones via Bluetooth®
- Provide desk phone convenience with built-in dial pad plus headset, speakerphone, and handset options
- Convenient headset integration. Voyager and Blackwire series headset options are available

### **POLY ELARA 60 SERIES**

Give your mobile-first employees what they really want: Smartphone freedom. Desktop convenience. And easier collaboration with Microsoft Teams. The Poly Elara 60 Series mobile phone station does it all. Now that call doesn't have to end when they get to the office. Touch down and launch Microsoft Teams with a touch of a button. Keep the conversation going with the headset, speakerphone, or handset options. Superior audio means conversations (and music) are crystal clear, and the mobile phone stays charged all day. Best of all, deployment couldn't be easier—simply plug it in and pair a mobile phone. Less work for IT. More flexibility for your mobile-first users.

- Manage Microsoft Teams conferences and view notifications
- Adjustable viewing plate for audio, video, chat, or web conferences
- Built-in headset charging capabilities using integrated cradle
- Wired or multi-coil wireless phone charging while you talk
- Color LCD screen displays devices, call and charge status, and settings
